The Week in Perspective
City Manager's Report

Steven B. Stanton, City Manager
Norton Craig, Assistant City Manager
Henry P. Schubert, Assistant City Manager

Report No. 705
October 13 - 19, 2006

Administrative Issues

A-1. Mobile Computers Installation

Deputy Chief Carroll reports that the installation of mobile computers in patrol vehicles is taking place in the sallyport area of the Police Department and the project is on schedule. Over 50% of the patrol fleet will be equipped with mobile computers by the end of this week (10/20). Information Technology personnel have been conducting computer training classes for police officers in preparation for the implementation of the new Computer Aided Dispatch (CAD) and Records Management System (RMS) software.

A-2. Harland Company

Assistant to the City Manager Davis reports that a site visit was made on September 26 to meet with Harland's Maintenance Manager, Jim Morrow, to discuss several issues that were initially shared with Commissioner Crozier. The State's reconstruction plans for Ulmerton Road has a concrete median planned along the front of Harland's property, which will impede truck traffic coming and going from the property. The Chamber of Commerce will be organizing a meeting of the east end Ulmerton Road business owners to provide the Florida Department of Transportation's last-minute input regarding the State's reconstruction plans and what impact it will have on truck and customer traffic. If the plans do not change, Harland will change the truck route to accommodate the median change.

Harland inquired if new sidewalks will be included with the road reconstruction and wanted clarification on who is responsible for maintaining the drainage ditch along the front of the property. A copy of the State's construction plans were given to Mr. Morrow which showed plans for a 5 foot sidewalk to be built and that the drainage ditch will be replaced by a drainage pipe, to which the drainage pond on the property will be connected. The drainage ditch is the responsibility of the State.

Police Department representatives made a site visit on October 3 to discuss security issues. Another visit will be made to the property located directly behind Harland in the near future to try to address the security concerns regarding the wooded area between these properties. Harland's current solid waste contract will expire in December 2006 and they will be presented with the City's Solid Waste service options next week.

A-3. The Plantation

Community Development Director Staffopoulos reports that corrective construction continues at the site of The Plantation, at the intersection of Belleair Road and Belcher Road. The developer, having been cited for encroachments into the right of way, and destruction of sidewalks, is in the process of reconstructing sidewalks and regrading the immediate area in order to comply with development requirements of the City of Largo and Pinellas County. This week, the developer installed approximately 30% of the required sidewalk, extending from the intersection to the west. It is anticipated that by

Friday, October 26 the installation of the remainder of sidewalk will be complete. The City of Largo will consider allowing the release of the stop work order for activities on the property at the completion of sidewalk installation.

A-4. Whitney Place Townhomes

Community Development Director Staffopoulos reports that the department received a request on October 17 from the developer of Whitney Place Townhomes, Lexington Homes, to cancel the construction permits associated with the townhome structures for the site. As the Commission was previously advised, work at this project site was halted due to the discovery of debris at varying depths during installation of infrastructure for the site. The developer coordinated with the Florida Department of Environmental Protection (FDEP), which indicated environmental monitoring, disposal of excavated materials, and compliance with a submitted action plan must occur in order for the work to continue.

The request from Lexington Homes is specifically for the buildings on the site, and does not include the building foundation system, infrastructure, or other permits for the site. The City will be obtaining additional information from the developer as to the status of the project with regards to environmental compliance with the requirements of the FDEP and construction schedules.

A-5. 3CMA Silver Circle Award

Communications and Marketing Manager Graves is pleased to announce that the City of Largo has received the 3CMA Silver Circle Award in the category of Citizen Participation. The Silver Circle Award is the second-highest honor that the City-County Communications and Marketing Association bestows in its annual Savvy Awards Competition, which honors the most effective programs in local government. The City of Largo was recognized for its excellence in promoting public awareness and education during the March 2006 election season, which saw a 226% increase in voter turnout from the previous year.

A-6. Military Court of Honor

Recreation, Parks and Arts Director Byrne reports that the bronze plaques have been installed at the Military Court of Honor, paver installation is complete and a bronze statue has been installed outside the Court of Honor on the east side. The statue, which compliments other art work in the park, features two children raising an American flag. Remaining project components include the fountain installation and irrigation and landscaping. The Military Court of Honor will be rededicated on Veteran's Day, November 11, at 7:00 p.m.

A-7. Golf Course Renovation

Recreation, Parks and Arts Director Byrne reports that the Golf Course renovation is proceeding nicely. All holes have been grassed, tee markers will be installed this week, the concrete pads for the shelters are being installed and site work for the restroom building is beginning. Interior clubhouse renovations have also begun.

A-8. Library Featured in Magazine

Library Director McPhee is pleased to report that the Library is featured in the Fall 2006 *Design Solutions, Journal of the Architectural Woodwork Institute*. A photograph of the Library's central spine graces the cover of the magazine and several photographs accompany an article about the building. The article emphasizes how the wood in the

building creates a comfortable, friendly atmosphere. The Wood Company, the local contractor responsible for the wood elements throughout the building, said that coordination and matching of continuous runs of the cherry wood was critical to the design. Project architects said they chose cherry for its richness and charm, grain color variation and character. Beauty and books and the desire to bring the park setting indoors resulted in a great combination for the community. A copy of the magazine has been placed in the Commissioner's office.

A-9. Traffic Safety Team

Deputy Chief Carroll reports that that the Traffic Safety Team has been focusing enforcement efforts on violations occurring at intersections identified by the Metropolitan Planning Organization (MPO) as among the most dangerous in Pinellas County. Enforcement efforts have been directed at red light running, violations of right-of-way, and other dangerous moving violations.

A-10. 7th Annual Open House and Chili Cook-off

On Saturday, October 14, Largo Fire Rescue hosted the 7th Annual Open House and Chili Cook-Off event at Fire Station 41. The event was organized by the Life Safety Division in conjunction with National Fire Prevention Week. Each year, the event serves as a fund raiser with all donations going to the Children's Burn Foundation of Florida. Activities included station tours, fire engine rides, and technical rescue, extrication, and EMS demonstrations. The Largo Police Department's mobile command unit, an antique fire engine from the Dalmingo Society, and a Bayflight helicopter were also on display during the event. Representatives from the County Health Department, the Epilepsy Foundation,and the 9-1-1 Emergency Communications Center distributed health and safety related information, and the uptown clowns, the Smuppets, Michael's Arts & Crafts, and a DJ provided plenty of entertainment. An estimated 2,000 people attended the event donating a total of $942.84. Following are the results from the chili cook-off competition.

Chief's Choice:	Legislative, "Elect-ables Chili"
Best Taste:	Fire Rescue, "Pumpin' Hot Chili
Best Theme:	Library, "Pirates of the Caribbean Chili"
Most Money Raised:	Library, $287.50

A-11. Reclaimed Watering Schedule Enforcement

Environmental Manager Putnam reports that twenty-one reclaimed watering citations were during the first two weeks of October. The majority of reclaimed water customers are currently aware of the irrigation schedule. Unfortunately, customers are frequently misinformed by commercial lawn services about exceptions to the policy. Nine customers notified Environmental Services about receiving a citation for watering subsequent to lawn treatment activities. The watering violations were determined to be an isolated occurrence and, as a result, the $32 fine was waived.

A-12. FY 2006 Citizen Academy

City Clerk Bruner reports that the Recreation, Parks and Arts Department hosted this week's Citizen Academy. The evening began with a backstage tour of the Cultural Center. The participants also toured some of the department's facilities including Highland Recreation Complex, the Largo Sports Complex and the Nature Preserve. The remainder of the evening was held in the Largo Historic Feed Store where displays featuring department programs, activities and facilities were presented and staff interacted with the participants. The Recreation, Parks and Arts Director Byrne and the

Management Analyst Khoury made presentations regarding department initiatives, accomplishments and the budget. The participants enjoyed a trivia game with prizes and took part in the Largo "It Starts in Parks" song. Everyone enjoyed their experience. The Police Department will be hosting the next Citizen Academy at the Training Center.

A-13. Residential Grease Program

Environmental Manager Putnam is pleased to introduce the Residential Grease Program. Only the privileged few that have viewed the interior portion of sewer lines are fully aware of the havoc that cooking oil can cause when discharged into the sewer system. In order to address the grease blockages which develop within residential areas, Line Maintenance Foreman Behrends expressed an interest in educating the community about the problem. "Fat-Free Sewer" Brochures, developed by Water Environment Federation, will be distributed within communities in which a grease problem has been identified. The brochures depict the proper methods to discard of cooking oil and ultimately prevent grease blockages within the home and community.

A-14. New Largo Businesses - Week Ending October 13, 2006

Name of Business	Address	Type of Business
USAmeribank	800 East Bay Dr #I/J (Temporary)	State chartered commercial bank
Dagwoods Sandwich Shoppes, LLC	17755 US Hwy 19 N #150/310	Corporate franchising office
Everything Under the Moon	514 1st Ave SW	Massage therapist addition
Marine Doctors, LLC	17389 US Hwy 19 N	Marine electronics sales/installation
Sports & Orthopedic Rehab Team	13201 Walsingham Rd	Physical therapist addition
A Therapy Above, Chinese Medical Acupuncture and Herbs, Inc.	1590 Seminole Blvd	Acupuncturist addition
Becker & Poliakoff, P.A.	2401 West Bay Dr #414	New attorney on staff
Florida Behavioral Medicine	1100 Clearwater-Largo Rd N	Addition of clinical social worker

A-15. Outside Concurrency Projects

Engineering Services Design Engineer Julio Ayon reports that the following properties in unincorporated Pinellas County are pending City approval for sewer concurrency:

Date Received	Name/Project	Address	City Planning Area	Status
06/14/06	Ulmerton Road Retail Center (Retail Center/Restaurant); Richard Kelley	3700 Ulmerton Rd	No Pinellas Park	Review completed; City Commission approved
06/22/06	Lanier Concrete Pumping (8,200 sf. Warehouse); David Littell, PE	6705 Rena Dr	Yes Pinellas County	Review completed; City Commission approved
07/14/06	60th Street Commercial (Add. 2,000sf. Warehouse); Theodore Rogers	12755 60th St N	No Pinellas Park	Review completed; City Commission approved
07/26/06	GA Food Services (Add. 31,000sf. Warehouse); Boyd Robertson	12200 32nd Ct N	No Pinellas Park	In review

Date Received	Name/Project	Address	City Planning Area	Status
08/03/06	Haines Testing Lab (Septic Tank Abandonment); Judith Haines	13285 62nd St N	No Pinellas Park	In review
10/9/06	Big Ten Industrial (9,240sf. Office/Warehouse); Lloyd Marvin	SE corner of Honeywell & 142nd Ave	Yes Pinellas County	In review
10/13/06	Fast of Florida (7,800sf. Office/Warehouse); Housh Ghovaee	13003 US 19 N	No Pinellas Park	In review

Other Items of Interest

M-1. Chief Aradi has been attending the International Association of Chiefs of Police (IACP) national conference in Boston, Massachusetts, October 14-19, 2006.

M-2. Captain Smith attended a meeting with other Pinellas County law enforcement officials to further plan for the Iron Man event scheduled for November 11, 2006 and additional information will be forthcoming.

M-3. Athletic Program Manager Potts reports the Athletics Division has partnered with the Pinellas County Health Department to develop a physical activity prescription pad which will be distributed to pediatricians throughout Largo. The pads were developed for physicians to "prescribe" physical activity for children who are at risk of being overweight or who are already overweight. The idea for the pads was developed following a comment from a parent of a program participant who was informed by her doctor that her child needed to become more physically active, but she did not know where to tell her child to go for exercise. The department is excited about the potential of this idea and will look to expand it to include other general physicians as well.

M-4. Community Center Manager Ankerberg reports that the Senior Bowling Club began October 17 with eight members including two first time bowlers. Manager Ankerberg also reports that, mirroring the success of FY 2006 when every monthly luncheon was sold out, the FY 2007 luncheon program is beginning with another sell out crowd of 155 for the Halloween luncheon scheduled for October 26. The luncheon and entertainment program will feature master magician Marty Capitano. The program is scheduled from noon until 2:00 p.m.

M-5. Special Events Coordinator Moore reports the first Sunset Sounds Concert in Ulmer Park was a success. More than 75 attendees enjoyed live jazz in the gazebo Friday, October 13. The free concerts are scheduled for the second Friday of each month and will feature different types of music throughout the year. As the program grows, and when not in conflict with other Largo Central Park events, additional concerts will be added. Already on the calendar is a weekly Farmer's Market in Ulmer Park, Santa in the Park and a Red Hat picnic event.

M-6. Recreation, Parks and Arts Director Byrne reports that Horticultural Coordinator Magavero has accepted the position of Parks Superintendent for the City of Leesburg. Ms. Magavero graduated from the University of Florida and has been with the City of Largo since May 20, 2002. Jennifer is the second Parks employee this year to be promoted to a Parks Superintendent position for another municipality. This speaks highly of the training and professionalism expected and nurtured by Largo Parks Superintendent Brown.

M-7. Highland Recreation Program Manager Pincince reports that the annual Pumpkin Carving event will be held on Saturday, October 21, from 3:00 – 5:00 p.m. Participants will have the opportunity to carve pumpkins with family members while enjoying seasonal music and refreshments. Woodcarver Bob Marek will be on site to share carving skills.

M-8. Southwest Program Manager McMahon reports that the Southwest Complex lobby bathrooms are under renovation. Last week all the old sinks, counters, tile, and toilet stalls were taken out and the new tile will be completed this week.

M-9. Southwest Program Manager McMahon also reports that teen programs at Southwest are growing. On Saturday, October 14, Southwest Complex hosted a teen dance with 37 teens in attendance. This is the second of a series of teen dances. In addition to the dance, fourteen teens attended the Southwest Teen Council meeting on Tuesday. Representatives of the Youth Art Corps were guests at the meeting to show demonstrations of the art programs they offer at the Gulf Coast Museum of Art. On Thursday, October 19, Southwest teens will be going to the museum to visit and participate in some of the art classes offered by the Youth Art Corps. Twenty-five teens signed in for drop-in programs on Thursday, October 12, which was a half day of school and 34 teens signed in on Friday, October 13, for a school's out day. The youths participated in outside sports, basketball, video games, games and music.

M-10. On Thursday, October 12, the Mildred Helms After School Program participated in the National "Lights On After School Program." This is the fourth year the Recreation, Parks and Arts Department has participated in the celebration of the benefits of after school care. This year staff planned a family game day and barbecue at Taylor Park. It was well received by the 75 plus families who participated. This event was organized by the after school director, Recreation Leader II Fawcett.

M-11. Nature Parks Manager Peterson reports that the George C. McGough Nature Park will be one of the Florida Coastal Cleanup sites this Saturday, October 21. The coastal cleanup will begin at 8:30 a.m. and end at noon. The cleanup is free to the public and participants are asked to bring and/or wear old shoes/boots, comfortable clothing, gloves, a hat and sunscreen.

M-12. Nature Parks Manager Peterson reports that Owl-O-Ween will be held at the George C. McGough Nature Park on Thursday, October 26. The event runs from 6:30 – 8:00 p.m. and the fee is $4 per person. Activities include a night walk with trick-or-treat stops, scary stories around a campfire and a costume contest.

M-13. Aquatics Manager Abdo is proud to announce that Pet Supermarket of Largo and Derri Davisson, Realtor are the presenting sponsors for the Second Annual Soggy Doggie Splash Party. This dog swim will be at the Highland Family Aquatic Center, 400 Highland Avenue on Saturday, October 21. Dogs 18 inches and smaller will participate from 11:00 a.m. to 1:00 p.m. while dogs taller than 18 inches will attend between 1:30 and 3:30 p.m. This event is approved by the Pinellas County Health Department but, as directed, owners will not be permitted to enter the water. Cost is $5.00 per dog, however, owners are free. Activities will include a doggie swimsuit contest and fastest 25 yard swim for each two-hour program with prizes for 1st – 3rd place in each. Lunch and snacks will be available for purchase. Proceeds will support the building of a playground facility for the Hancock County School District in Mississippi, which was destroyed by Hurricane Katrina. Preregistration is taking place at participating Pet Supermarkets located on East Bay Drive in Largo and US 19/Tampa Road in Palm Harbor. Those who preregister will receive a free gift. Proof of vaccination will be checked before dogs may enter the facility.

M- 14. Cultural Center Manager Bissett is pleased to announce the Cultural Center and the American Stage Theatre Company are partnering in presenting the area's first 10 x 10 Play Festival. That's ten, ten- minute original plays. The theme of the festival is "Anniversaries" (the marking of time of a notable event) in celebration of the Cultural Center's ten years of existence. The festival will take place at the end of January 2007. Submissions will be accepted through December 1, 2006. For further information, go to www.largoarts.com and click on 10 x 10 Play Festival for submission information. This is a great opportunity for playwrights to have original works performed in front of an audience for the first time, and another first for the Largo Cultural Center.

Commission Action Items
Update for Week Ending October 19, 2006

October 17, 2006, Regular Meeting

1) Vice Mayor Crozier requested that staff provide cost information regarding City staff maintaining the following properties: Cemetery, Southwest Reclaimed Storage Site, Bayhead Teen Complex, Community Center, Bonner Park, Ulmer Park, East Bay Triangle, Bayhead Retention Ponds, Largo Central Park Drive Easement, Largo Soccer Complex, and Public Works Complex.

   Recreation Parks and Arts Director Byrne and Parks Superintendent Brown will present this information at the November 7, 2006, Regular Meeting when the Landscape Management Bid returns for City Commission review and consideration.

2) Commissioners Black and Guyette requested that staff prepare an ordinance to remove crematories from the institutional land use category and include it in the industrial land use category and schedule for review at a work session and Planning Board.

   Community Development Director Staffopoulos has scheduled this for discussion at the November 14, 2006, work session.

3) Commissioner Guyette requested that the City Commission be provided with copies of the information provided to Mr. Atanasio regarding the increase in City property valuations.

   Assistant to the City Manager Evans will be working with Human Resources Director Sinz and Risk Manager Bennett to prepare information for distribution to the City Commission.

4) Vice Mayor Crozier requested that staff look into installing traffic calming devices in the Keene Park Subdivision.

   At the current time, the City policy is not to install traffic calming devices such as speed bumps. When a request is submitted to the City for speed bumps, the traffic committee comprised of Police, Public Works and Engineering staff reviews the location. The first step in this review is the Police Department installing the Stealth speed monitoring device, which Engineering will request. Community Development Director Staffopoulos and City Engineer Dicus will be bringing the traffic calming policy to the City Commission for discussion and possible revision at the December 12, 2006, work session.

5) Vice Mayor Crozier requested that a large speaker timer be installed in the Commission Chamber in view of the dais.

   City Clerk Bruner has been requested to have this timer purchased and installed.

September 29, 2006, Special Meeting*0*

1) Commissioner Gentry requested that a time study of preparing Commission packet items for the web site be performed.

   City Clerk Bruner will compile this information during the preparation of the October 17, 2006, regular meeting.

September 21, 2006, Regular Meeting

1) Commissioner Guyette requested that budgetary impact statements include a table with the beginning fund balance, amount of expenditure and ending balance.

Assistant City Manager Schubert will notify staff as to how to prepare budgetary impact section of agenda memos.

September 5, 2006, Regular Meeting

1) Vice Mayor Crozier and Commissioner Guyette requested that staff provide cost estimates of both a staff internal audit function and for contracting out the work.

Management Services Director Adams requested to include this information in the work session agenda memo.

2) Mayor Gerard requested that the November 14 Work Session memo on an internal audit function include an attachment explaining the existing internal audit functions.

Management Services Director Adams requested to attach this information to the November 14 work session memo.

April 17, 2006, Work Session

1) Commissioner Guyette requested that staff schedule a presentation on the methodology used to determine the replacement schedule for the City's fleet.

Assistant City Manager Craig has been asked to schedule this presentation. No date has been set since the department is currently without a Director and Assistant Director. Facilities Manager Waeghe is currently working on this item.

April 11, 2006, Work Session

1) Vice Mayor Crozier requested that a discussion of the City's relationship with the City of Belleair Bluffs be scheduled.

This item has been rescheduled to the January 23, 2007, work session.

Proposed Work Session Schedule
(effective 10- 19- 06)
