Streets or Neighborhood of proposed Project:

- CommuniTrees is a program that provides free trees and training to neighborhoods who sign a pledge to adopt their trees. Streets or neighborhoods with 50% signed pledges are eligible for this program.

Volunteer Tree Caretaking Pledge

I will plant the tree(s) in the City right-of-way for the enjoyment of my entire community. I will water my tree(s) as instructed by the City Urban Forester for the next year. I will carefully watch over my tree(s) and let the City Urban Forester know if I think there is a problem. I will remove the tree stakes and ties, if such are used, after the first year. I will not use weed and feed type fertilizers around my tree(s). I will keep weeds and grass from growing in the mulch around the tree(s) and will keep my trees well-mulched. I will not use a weed whacker or lawn mower near my tree(s), as damage from this equipment is the #1 killer of young trees. Finally, I will never top my trees, nor allow them to be topped.

I have read and agree to follow the above conditions.

-To qualify for CommuniTrees Free field training must be attended.
-CommuniTrees free trees must be planted along street frontage, so they function as street trees.
-Varieties and quantities shall be limited to trees currently on the specified City tree list.
-Final species choice and planting location shall be subject to the Urban Forester's discretion.
-Not all varieties of trees listed may be available at all times
