

Largo Public Library Book Drop

The drive-up book drop is open twenty-four (24) hours a day to allow patrons to return materials at their convenience. The drive-up book drop is located on the west side of the library and is emptied each morning before the library opens. Materials due the previous day will not be considered overdue if returned before the opening of the Library the following day. If the book drop is full or otherwise appears to be vulnerable to theft, patrons must bring the items inside.
