The building features a prominent corner tower with a flat roof and a series of windows. In the foreground, there is a paved courtyard area with a large, red, abstract sculpture. MAYOR'S MESSAGE

Our vision is To Be the Community of Choice in Tampa Bay.

Pardon our dust, Downtown Largo is under construction! The Largo Community Redevelopment Agency (CRA) has had a very successful and busy fiscal year in 2019. The City of Largo is pleased to provide you a snapshot of all the development activity and improvements (both private and public) occurring in the West Bay Drive Community Redevelopment District. Residents and businesses saw the community's downtown revitalization vision in action in fiscal year 2019.

Two new apartment communities are being constructed along Clearwater-Largo Road, the Rosery Road Apartments and Alta Belleair and we are pleased that they will each feature a percentage of work force units that will keep housing affordable and attainable for our residents and workforce. We have major investments being made in the pedestrian and bicycle network and in infrastructure on Rosery Road between the Pinellas Trail and Missouri Avenue. Along West Bay Drive we are constructing brand new sidewalks, mid-block crossings, installing lighting, and a new landmark to let people know that they have arrived to the Community of Choice.

We are excited to see that new businesses are moving into Downtown Largo and bringing new services and goods, and even new artwork that enhances the uniqueness of our redevelopment districts. The Largo CRA hopes to continue the collective efforts of our residents, businesses, and public and private partners in the coming fiscal year. Together and working collaboratively we can achieve the vision of a revitalized and active Downtown.

Mayor Woody Brown

DISTRICT PROFILES

For the Clearwater-Largo Road and the West Bay Drive Community
Redevelopment Districts

The CRA manages two community redevelopment districts. The WBD-CRD is primarily funded through tax increment revenues, and most of those funds are dedicated to infrastructure improvements.

Properties located in the WBD-CRD do not pay additional property taxes. Rather, a portion of the annual City and County taxes collected in the redevelopment area are transferred to the CRA for a trust fund for redevelopment activities.

Largo's Tax Increment Financing (TIF) District for the WBD-CRD was established in 2000 and is used to leverage public funds to promote private sector activity, redevelopment and infrastructure projects in accordance with the redevelopment plan.

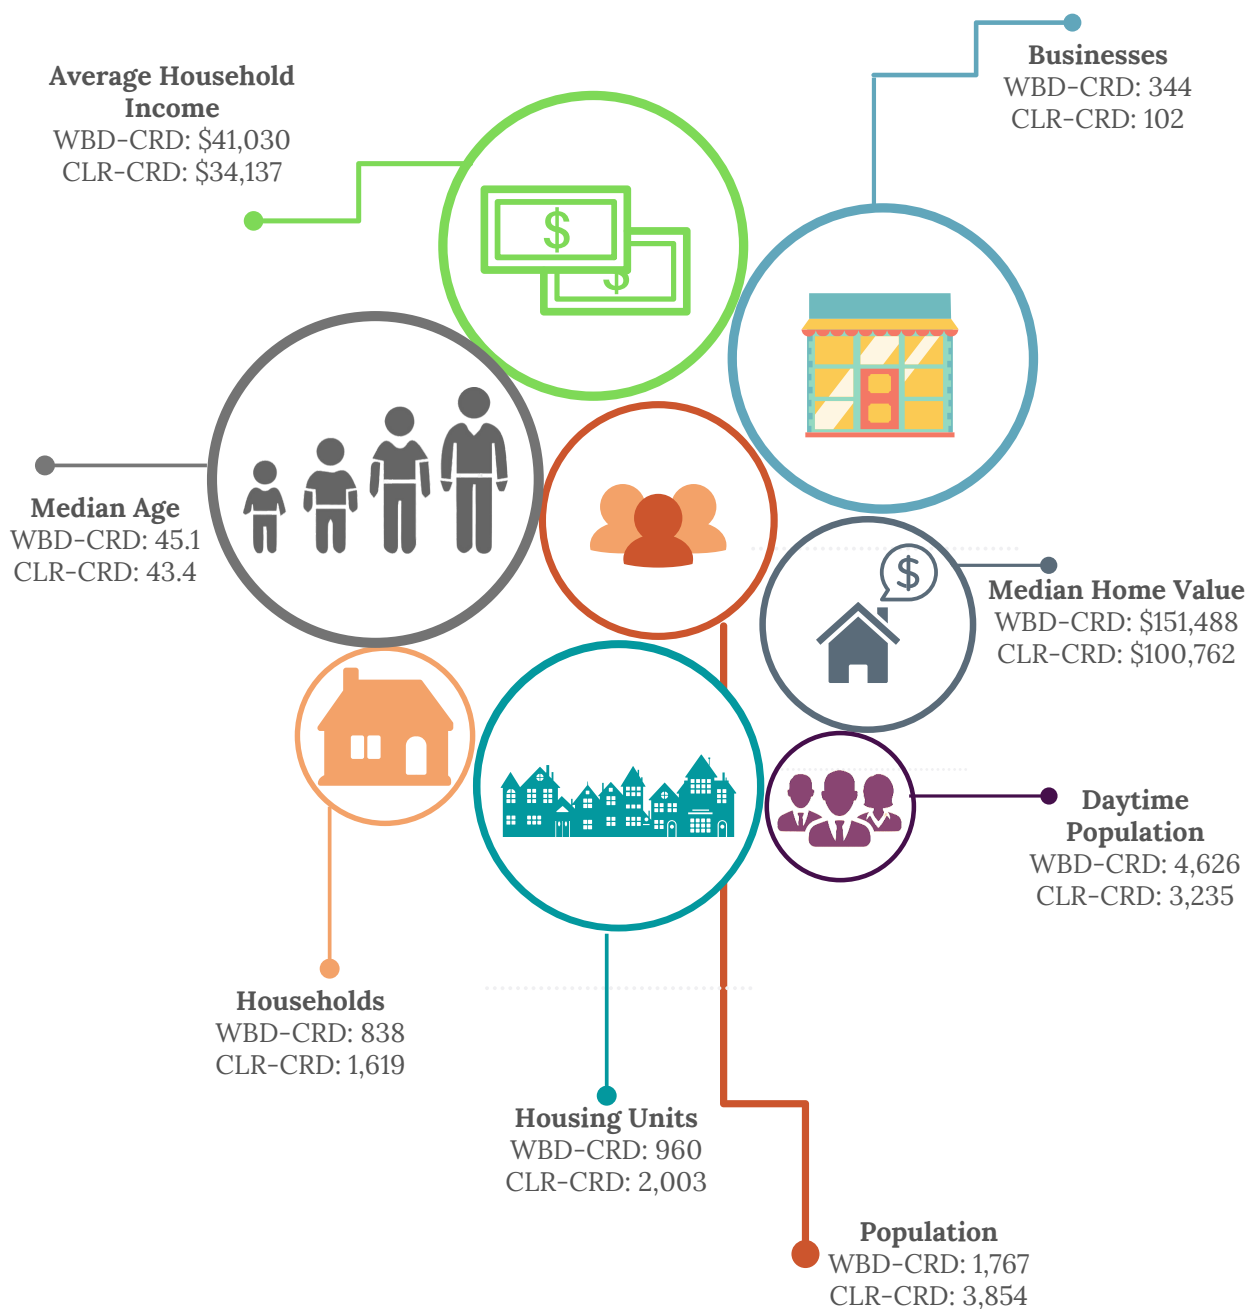

While Largo continues to make investments from the City's General Fund and other sources in the CLR-CRD, no TIF funding is currently in place for the CLR-CRD. The City is working on a proposed expansion area for this redevelopment district and will be updating the Finding of Necessity in Fiscal Year 2020.

Investors that focus on businesses and properties in the two Community Redevelopment Districts can utilize a tool created under the Federal Tax Cuts and Jobs Act of 2017. The US Treasury approved Largo for five Opportunity Zones and two are located within Downtown Largo. Investors utilizing the benefits of the Opportunity Zones may be able to defer taxes on realized capital gains and reduce tax liabilities on investments made into eligible economic and community re-investment projects. The construction costs will be in excess of \$1.1 Million dollars.

Expansion of the Clearwater-Largo Road Community Redevelopment District Boundary
